### “Polar and Subpolar” Call 2013

## Online Submission Guidelines

Project website:

[www.eurofleets.eu](http://www.eurofleets.eu)

Version 13.03.2013

## Introduction

The following pages offer a step-by-step guideline for the submission process. You can use them as a checklist to make sure you have all the information needed in order to fill in the form. The different screenshots displayed in this document will guide you through the whole submission process.

Proposals must be submitted exclusively in electronic form via the [online proposal submission website](#). Proposal submission involves three steps, as outlined below:

- **Step 1:** Registration on the proposal submission website and retrieval of a password for further access.
- **Step 2:** Preparation of your proposal, including all relevant information. This step consists of two main parts:
  - **Part A:** General information about the proposal, applicants (PI and scientific party) and technical information regarding the intended research cruise.
  - **Part B:** Scientific description of the project. This part needs to be uploaded at the end of the online application process.
- **Step 3:** On the finalization of the proposal submission applicants will receive an automatically generated Proposal Summary Sheet of the proposal submitted, as a confirmation of a successful submission. You are able to preview this Proposal Summary Sheet at any time whilst preparing your application following the Proposal Summary Sheet Preview link in the “Finalization” menu of the submission website. A copy of the summary sheet **must be printed out, signed and stamped** by the PI and the appropriate authorized person (e.g. head of department, research office) in the PIs institute. It must then be sent (by post) to the EUROFLEETS2 Evaluation Office. See the deadline information below.

## CLOSING DATE

Proposals must be received online via the [online proposal submission website](#) by

**FRIDAY 24<sup>th</sup> of May 23:59 HOURS (CET)**

The proposal submission website will no longer be accessible after this date. Please allow enough time to upload your proposal to avoid the call closure rush.

One signed (PI and an appropriate authorised person (e.g. head of department, research office) and stamped copy of the proposal summary sheet must be posted to the EUROFLEETS2 Evaluation Office, to arrive no later than the **7<sup>th</sup> of June**, at the following address:

## Step 1 – Login page

The Login page is the default page of the online proposal submission website you will be directed to. In order to be able to use the proposal submission system you have to register following the blue “Registration” link.

The screenshot shows a web browser window with the URL [https://www.pt-it.de/ptoutline/application/EUROFLEETS2013\\_1](https://www.pt-it.de/ptoutline/application/EUROFLEETS2013_1). The page has a header with buttons for 'imprint', 'support', and 'login', and a logo for 'pt(outline)\* online submission of project proposals'. The main content area is titled 'Online registration for electronic proposals' and features the heading 'EUROFLEETS2 Ship-time application "Polar and Subpolar" Call 2013'. Below this, it says 'Please register! Registration necessary!' and provides input fields for 'USERNAME (YOUR E-MAIL ADDRESS)' and 'PASSWORD (FORGOTTEN?)'. A 'Login' button is at the bottom left. On the right, a grey box contains important information: the deadline for electronic proposal submission is '24.05.2013 at 23:59 hours (CET)', the system will be closed thereafter, and it is mandatory to register. It also lists 'Scientific support' from the 'EUROFLEETS2 Evaluation Office' with contact details for Dr. Verónica Willmott-Puig, including address, phone, fax, and email.

Proposals are stored password-protected and can be edited until the final submission deadline. Connection to the server is SSL-encoded and data safety and protection of confidence are warranted.

Proposals must be submitted exclusively in electronic form.

Only the Principal Investigator of a proposal must register to submit the proposal. Other project partners cannot edit the proposal.

The application form is split into two parts:

Please complete this part of the form by inserting project-specific information into the designated fields under the links on the right hand side.
